This group is designed for experienced club players or those with beach experience from last year (born in 98-99-00). Players in this group should be planning to play in AVA tournaments and go to Alberta Provincials at the start of August and possibly nationals at the end of the summer. We are planning to have Sunday/Wednesdays tournaments in June within the sessions, for more match type play this summer.

Program is design for committed Beach players that want to train at higher level of intensity. Plan on working hard, having fun learning allot about the Beach game. This is a great program to improve your around skills.
